

## TECHNICAL DATA SHEET (TDS)

# DEWAXER DECER-DOS

ID Product Code 022

Pag. 1

**Detergent and dewaxer for marble, granite, stones.**

### Product description:

Product studied to remove emulsified wax, based on natural and synthetic wax or with resins. It can be used to remove very old waxes from surfaces (floors and walls). It removes both normal water-based wax and self-polishing waxes without damaging polished material. It is also a good stripping products.

### Chemical characteristics:

Appearance	Liquid
Color	Light red
Odor	Light characteristic
Specific gravity at 20° C (68° F)	1,00 ± 0,02
Hydro-solubility	Soluble at every ratio
pH	11,50 ± 0,05 (concentrated)
	8,80 ± 0,05 (ready to use - diluted 4%)
Shelf life at 20°C (68° F)	24 months in original container

### Instruction for use

For application on the floor, spread the product with a brush, mop or, in the case of large areas, use single disc machine equipped with red or green Scotch Brite® disc. Repeat the operation in case of residual dirt. It is very important to rinse the floor thoroughly to avoid that dirt can dry again and penetrate into interstices and floor joints; where it is available it is suggested (large surfaces) to dry the floor with a vacuum cleaner for liquids. The Dewaxer DECER-DOS can also be used to clean stubborn dirt on marble and limestone without damaging the polished material.

DECER-DOS can also be used to neutralize treatments previously performed with acid-based products, in order to prevent the acidic components to continue their action on treated materials.

### Suggestion for use and recommendations:

Dilute the product in water depending on the amount of waxes and dirt to be removed. We recommend the following dilutions:

- For the elimination of normal waxes dilute 50/100 ml. (1,7/3,4 fl.oz.) of product in 1 liter (35 fl. oz. / 1 qt.) of water and wash with single disc machine brush or mop.
- For old wax, 200 ml. (6,76 fl.oz.) of product in 1 liter of water and wash as above.
- In case of stubborn dirt, increase concentration of product according to necessity.
- We recommend to dilute in warm water.
- Read carefully recommendations printed on the tin and perform a test before use.

DISCLAIMER All data indicated in this leaflet are the results of tests and experiments carried out in our laboratories and through reliable operators in the stone business and have to be considered reliable. Because of the many factors which can influence them, the information here reported do not constitute implicit or formal guarantees. The end user undertakes the responsibility in the usage of the product making sure to experiment the product characteristic as preventive measure.

## TECHNICAL DATA SHEET (TDS)

### Application tools

Mop

Brush

Single Disc Machine

Pag. 2

### Application surfaces

Marble, granite, concrete, stone and all washable surfaces.

### Coverage

To wash stone floors in general is possible to treat 150/200 sqm (1600/2700 sq.ft.) with 1 liter (1 quart) of product. Coverage of product depends on the quality and intensity of soil to remove.

### Safety procedures

As far as the proper working procedures is concerned, we recommend to consult Material Safety Data Sheets issued according to E.U. rules and to follow your national laws concerning safety in the working place. MSDS is available on our web site [www.bellinzoni.com](http://www.bellinzoni.com)

### Packing

Item N°	Packing	Pcs	Size and weight packaging	Carton per pallet (sea transport)
022DDOS001	1,00 lt (33,82 fl.oz.)	12	cm 36x27x26 – kg 11,50	24
022DDOS005	5,00 lt (1,32 Gal)	4	cm 23x40x26 – kg 9,00	27
022DDOS030	25,00 lt (6,60 Gal)	1	cm 50x32Ø – kg 22,00	16

The composition of the tins and jerry cans are High Density Polyethylene (HDPE). After use, comply with the local and national regulations currently in force regarding recycling. Our packing is conformed as per U.N. rules for inland transport (A.D.R.) and by sea (I.M.O.) for transportation via air refer to updated rules (I.A.T.A.). For further information regarding transport please check MSDS.

### H.S. Code

34.02.1900
